PROFILE

Software engineer and published AI researcher with 5+ years of professional experience in Oracle APEX, PL/SQL, full-stack development, and machine learning. Co-authored a Springer-indexed paper on AI-powered learner engagement detection and served as an invited delegate in a European Commission Erasmus+ funded research project. Proven record of delivering production-grade AI and enterprise systems, backed by hands-on DevOps expertise in Docker, Kubernetes, and CI/CD.

WORK EXPERIENCE

Technology Consultant PART-TIME

Mar 2023 – Present

Skoder Technologies · Dhaka, Bangladesh

- Conceived and led the technology strategy for two AI-powered EdTech products, driving them from ideation to deployment.
- Built CampusMate — an LLM-powered academic assistant that evolved into the full Campus365 platform.
- Developed LEMate, a multimodal learner-engagement detection prototype, resulting in a peer-reviewed Springer publication (TCCE 2023).

Assistant Programmer

Sep 2020 – Present

Beximco Computers Limited · Dhaka, Bangladesh

- Developed and maintained enterprise applications for 40+ clients using Oracle APEX, JavaScript, and PL/SQL within a collaborative engineering team.
- Owned the account-management module covering customer accounts, balance operations, and full transaction history.
- Administered server infrastructure including hardware configuration, software setup, and continuous system monitoring.
- Managed database backup and point-in-time recovery pipelines, maintaining zero data loss and high availability.
- Integrated RESTful web services between application modules using ORDS and Oracle APIs.

PUBLICATIONS

LEMate: An Early Prototype of an AI-Powered Learner Engagement Detection System for Low-Resource Classrooms

Morshed, F. et al. · Springer LNNS, Vol. 1208 · TCCE 2023 · Jun 2025 · 1 Citation

DOI: 10.1007/978-981-96-0185-1_35

KEY PROJECTS

Campus365 — Personalized Learning Platform

LLM · LangChain · Ollama · TypeScript · FastAPI · PostgreSQL · Docker · CI/CD · Feb 2025 – Present

Full-scale evolution of CampusMate — an AI-powered learning platform for assessments, tailored course recommendations, and self-paced mastery. Architected the complete stack with containerised deployment, automated CI/CD pipelines, and cloud infrastructure management.

github.com/morshedfahad/Campus365

CampusMate — AI Academic Assistant → EVOLVED INTO CAMPUS365

LLM · LangChain · Ollama · Python · May 2024 – Feb 2025

Early-stage AI chat assistant for university students in Bangladesh — the prototype that laid the foundation for Campus365. Delivered contextual academic guidance and curriculum support using LangChain and Ollama.

LEMate — Learner Engagement Detection PUBLISHED

AI/ML · Computer Vision · Multimodal · Mar 2023 – Present

Research prototype detecting student engagement in real time from multimodal inputs — mouse, keyboard, facial expression, eye gaze, and heart rate. Built for low-resource classrooms and published in Springer LNNS, Vol. 1208.

Team 360 — HR Management System LIVE

Oracle APEX · PL/SQL · JavaScript · HTML/CSS · Feb 2025 – Present

Full-featured web-based HRM platform covering the employee lifecycle, attendance tracking, leave management, and organizational reporting. Conceived, built, and currently live in production.

e-KYC — Digital Onboarding System

Android · Oracle APEX · PL/SQL · Oct 2021 – Nov 2023

Mobile-integrated digital KYC solution for banks and NBFIs, enabling paperless client onboarding connected to an Oracle Database.

Transport Management System

Oracle 12c · APEX · PL/SQL · JavaScript · ORDS · 2021 – 2022

Centralized web-based transport solution with Oracle database integration and REST API endpoints, deployable across organization types.

EDUCATION

B.Sc. Information & Communication Engineering

Bangladesh University of Professionals

2016 – 2020 · CGPA 2.98 / 4.00

INTERNATIONAL ENGAGEMENT

DIVERSASIA Project ERASMUS+ EU FUNDED

Nottingham Trent University, UK · May 2023

- Invited as the Bangladeshi delegate to a European Commission Erasmus+ funded research project on inclusive AI education across Asia.
- Presented research on AI-powered learner engagement detection.
- Collaborated with academics from the UK, Bulgaria, Belgium, Latvia, Turkey, Serbia, India and Bangladesh.

TECHNICAL SKILLS

LANGUAGES

Python · TypeScript · PL/SQL · JavaScript

BACKEND & API

FastAPI · ORDS · REST · SOAP · HTTP/2 · Android

DATABASES

Oracle · PostgreSQL · MySQL · SQLite · Oracle APEX

AI / ML

LangChain · Ollama · Deep Learning · Predictive ML · Data Modeling

DEVOPS

Docker · Kubernetes · CI/CD · Git · Linux

CERTIFICATIONS

Oracle APEX Cloud Developer Certified Professional

Oracle Cloud Infrastructure 2023 DevOps Professional

Oracle Cloud Infrastructure 2023 Foundations Associate

Red Hat Certified Engineer (RHCE)

Red Hat Certified System Administrator (RHCSA)

Red Hat Certified Specialist in Virtualization
